What is the Solis Health Plans formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Solis Health Plans in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Solis Health Plans will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Solis Health Plans network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

¿Qué es el formulario de Solis Health Plans?

En este documento, utilizamos los términos Lista de medicamentos y formulario para significar lo mismo. Un formulario es una lista de medicamentos cubiertos seleccionados por Solis Health Plans con la colaboración de un equipo de proveedores de atención médica, que representa los tratamientos con receta que se consideran parte necesaria de un programa de tratamiento de calidad. Normalmente, Solis Health Plans cubrirá los medicamentos incluidos en el formulario, siempre que el medicamento sea médicamente necesario, el medicamento con receta se obtenga en una farmacia de la red de Solis Health Plans y se cumpla con otras reglas del plan. Para obtener más información sobre cómo obtener sus medicamentos con receta, consulte la Evidencia de Cobertura.

Can the formulary change?

Most changes in drug coverage happen on January 1, but Solis Health Plans may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: www.solishealthplans.com

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand-name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand-name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below entitled “How do I request an exception to the Solis Health Plans Formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand-name drug currently on the formulary, or add a new biosimilar to replace an original biological product currently on the formulary, or add new restrictions or move a drug we are keeping on the formulary to a higher cost-sharing tier or both after we add a corresponding drug. We may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost-sharing tier, or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Solis Health Plans Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2025 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2025 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of March 19, 2025. To get updated information about the drugs covered by our plan, please contact us. Our contact information appears on the front and back cover pages.

Note: In the event of mid-year non-maintenance formulary changes, we will update the printed formulary on our website at www.solishealthplans.com

¿Puede cambiar el Formulario (lista de medicamentos)?

La mayoría de los cambios en la cobertura de medicamentos ocurren el 1 de enero, pero Solís Health Plans puede agregar o eliminar medicamentos en el formulario durante el año, trasladarlos a diferentes niveles de costos compartidos o agregar nuevas restricciones. Debemos seguir las reglas de Medicare al hacer estos cambios. Las actualizaciones del formulario se publican mensualmente en nuestro sitio web aquí: www.solishealthplans.com

Cambios que pueden afectarlo este año: En los casos a continuación, usted se verá afectado por los cambios de cobertura durante el año:

- **Sustituciones inmediatas de ciertas nuevas versiones de medicamentos de marca y productos biológicos originales.** Podemos eliminar inmediatamente un medicamento de nuestro formulario si lo estamos reemplazando con una nueva versión de ese medicamento que aparecerá en el mismo nivel de costos compartidos o más bajo y con las mismas o menos restricciones. Cuando añadimos una nueva versión de un medicamento a nuestro formulario, podemos decidir mantener el medicamento de marca o el producto biológico original en nuestro formulario, pero inmediatamente lo trasladamos a otro nivel de costos compartidos o agregamos nuevas restricciones.

Podemos hacer estos cambios inmediatos solo si estamos añadiendo una nueva versión genérica de un medicamento de marca, o añadiendo ciertas nuevas versiones biosimilares de un producto biológico original, que ya estaba en el formulario (por

ejemplo, añadiendo un biosimilar intercambiable que puede ser sustituido por un producto biológico original por una farmacia sin una nueva prescripción). Si actualmente está tomando el medicamento de marca o producto biológico original, es posible que no le informemos con antelación antes de hacer un cambio inmediato, pero más tarde le proporcionaremos información sobre los cambios específicos que hemos realizado.

Si realizamos un cambio, usted o usted o su médico pueden pedirnos que hagamos una excepción y continuar cubriendo para usted el medicamento que se está cambiando. Para obtener más información, vea la sección a continuación titulada "¿Cómo puedo solicitar que se haga una excepción al Formulario de Solis Health Plans?".

Algunos de estos tipos de medicamentos pueden ser nuevos para usted. Para obtener más información, consulte la sección a continuación titulada "¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?"

- **Medicamentos retirados del mercado.** Si un medicamento es retirado de la venta por el fabricante o la Administración de Alimentos y Medicamentos (FDA) determina que se retira por razones de seguridad o efectividad, podemos retirar inmediatamente el medicamento de nuestro formulario y luego le notificaremos a los afiliados que toman el medicamento en cuestión.
- **Otros cambios.** Podemos hacer otros cambios que afectan a los afiliados que actualmente toman un medicamento. Por ejemplo, podemos agregar un nuevo medicamento genérico para reemplazar un medicamento de marca actualmente en el formulario, o agregar un nuevo biosimilar para reemplazar un producto biológico original actualmente en el formulario, o agregar nuevas restricciones o mover un medicamento que mantenemos el formulario a un nivel de costo compartido más alto o ambos después de que agreguemos el medicamento correspondiente. Podemos eliminar un medicamento de marca del formulario al agregar un equivalente genérico o eliminar un producto biológico original al agregar un biosimilar. También podemos aplicar nuevas restricciones al medicamento de marca o al producto biológico original, o trasladarlo a un nivel de costo compartido diferente, o ambos. Es posible que realicemos cambios basados en nuevas pautas clínicas. Si eliminamos medicamentos de nuestro formulario, agregamos autorización previa, límites de cantidad y/o restricciones de terapia escalonada a un medicamento, o trasladamos un medicamento a un nivel de costo compartido más alto, debemos notificar a los miembros afectados sobre el cambio al menos 30 días antes de la fecha límite. el cambio se hace efectivo. Alternativamente, cuando un afiliado solicita un resurtido del medicamento, puede recibir un suministro del medicamento para 30 días y un aviso del cambio.

Si realizamos estos otros cambios, usted o su médico pueden solicitarnos que hagamos una excepción y continuar cubriendo el medicamento que ha estado tomando. El aviso que le proporcionamos también incluirá información sobre cómo solicitar una excepción, y también puede encontrar información en la sección siguiente titulada “¿Cómo puedo solicitar que se haga una excepción al Formulario de Solis Health Plans?”.

Cambios que no lo afectarán si actualmente toma el medicamento. En general, si usted toma un medicamento de nuestro Formulario para 2025 que estaba cubierto al comienzo del año, nosotros no descontinuaremos ni reduciremos la cobertura del medicamento durante el año de cobertura 2024, excepto como se describe anteriormente. Esto significa que, por el resto del año de cobertura, estos medicamentos continuarán disponibles al mismo costo compartido y sin nuevas restricciones para aquellos afiliados que estén tomándolos. No recibirá notificación directa este año sobre los cambios que no lo afectan. Sin embargo, el 1 de enero del próximo año, dichos cambios lo afectarían, y es importante consultar el formulario para el nuevo año de beneficios para cualquier cambio en los medicamentos.

El Formulario adjunto es vigente a partir del 19 de marzo de 2025. Para recibir información actualizada sobre los medicamentos cubiertos por nuestro plan, comuníquese con nosotros. Nuestra información de contacto aparece en las páginas de la portada y contraportada.

Nota: En el caso de cambios en el formulario, no de mantenimiento a mitad de año, actualizaremos el formulario impreso en nuestro sitio web en www.solishealthplans.com.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “ANTIHYPERTENSIVES”. If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 125. The Index provides an alphabetical list of all the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

¿Cómo utilizo el Formulario?

Hay dos formas para encontrar su medicamento dentro del Formulario:

Afección médica

El Formulario comienza en la página 1. Los medicamentos de este Formulario están agrupados en categorías según el tipo de condición médica para la cual son utilizados. Por ejemplo, los medicamentos utilizados para tratar una condición cardíaca se agrupan dentro de la categoría, "ANTIHIPERTENSIVOS". Si sabe para qué se utiliza su medicamento, busque el nombre de la categoría en la lista que empieza en la página 1. Luego, busque su medicamento debajo del nombre de la categoría.

Listado alfabético

Si no está seguro de qué categoría consultar, debe buscar su medicamento en el Índice que comienza en la página 125. El Índice proporciona una lista alfabética de todos los medicamentos incluidos en este documento. En el Índice, están tanto los medicamentos de marca como los genéricos. Busque en el Índice y encuentre su medicamento. Junto a su medicamento, verá el número de página donde puede encontrar información acerca de la cobertura. Vaya a la página que figura en el Índice y encuentre el nombre de su medicamento en la primera columna de la lista.

What are generic drugs?

Solis Health Plans covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

¿Qué son los medicamentos genéricos?

Solis Health Plans cubre tanto los medicamentos de marca como los genéricos. Un medicamento genérico está aprobado por la Administración de Drogas y Alimentos (FDA) dado que se considera que tiene el mismo ingrediente activo que el medicamento de marca. En general, los medicamentos genéricos funcionan igual de bien y generalmente cuestan menos que los medicamentos de marca. Hay sustitutos genéricos de medicamentos disponibles para muchos medicamentos de marca. Los medicamentos genéricos generalmente pueden sustituirse por el medicamento de marca en la farmacia sin necesidad de una nueva receta, dependiendo de las leyes estatales.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological

products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

- For discussion of drug types, please see the Evidence of Coverage, Chapter, Section 3.1, "The 'Drug List' tells which Part D drugs are covered."

¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?

En el formulario, cuando nos referimos a medicamentos, esto podría significar un medicamento o un producto biológico. Los productos biológicos son fármacos que son más complejos que los medicamentos típicos. Dado que los productos biológicos son más complejos que los medicamentos típicos, en lugar de tener una forma genérica, tienen alternativas que se llaman biosimilares. En general, los biosimilares funcionan igual de bien que el producto biológico original y pueden costar menos. Existen alternativas biosimilares para algunos productos biológicos originales. Algunos biosimilares son biosimilares intercambiables y, dependiendo de las leyes estatales, pueden ser sustituidos por el producto biológico original en la farmacia sin necesidad de una nueva prescripción, al igual que los medicamentos genéricos pueden ser sustituidos por medicamentos de marca.

- Para una discusión sobre los tipos de medicamentos, por favor vea la Evidencia de Cobertura, Capítulo, Sección 3.1, "La 'Lista de Medicamentos' indica qué medicamentos de la Parte D están cubiertos".

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Solis Health Plans requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from Solis Health Plans before you fill your prescriptions. If you don't get approval, Solis Health Plans may not cover the drug.
- **Quantity Limits:** For certain drugs, Solis Health Plans limits the amount of the drug that Solis Health Plans will cover. For example, Solis Health Plans provides 30 tablets per prescription for Tradjenta. This may be in addition to a standard one-month or three-month supply.

- **Step Therapy:** In some cases, Solis Health Plans requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Solis Health Plans may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Solis Health Plans will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Solis Health Plans to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Solis Health Plan formulary?” on page 11 for information about how to request an exception.

¿Hay alguna restricción en mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos o límites de cobertura adicionales. Estos requisitos y límites pueden incluir:

- **Autorización previa:** Solis Health Plans exige que usted o su médico obtenga una autorización previa para determinados medicamentos. Esto significa que necesitará contar con la aprobación de Solis Health Plans antes de obtener sus medicamentos con receta. Si no consigue la autorización, es posible que Solis Health Plans no cubra el medicamento.
- **Límites de cantidad:** Para ciertos medicamentos, nuestro plan limita la cantidad del medicamento que cubrirá. Por ejemplo, nuestro plan proporciona 30 tabletas por receta para TRADJENTA. Esto puede ser complementario a un suministro estándar para un mes o tres meses.
- **Tratamiento escalonado:** En algunos casos, Solis Health Plans requiere que usted primero pruebe ciertos medicamentos para tratar su condición médica antes de que cubramos otro medicamento para esa enfermedad. Por ejemplo, si el medicamento A y el medicamento B tratan su condición médica, es posible que Solis Health Plans no cubra el medicamento B a menos que usted pruebe primero el medicamento A. Si el medicamento A no funciona para usted, entonces Solis Health Plans cubrirá el medicamento B.

Para averiguar si su medicamento tiene requisitos o límites adicionales, consulte el Formulario que empieza en la página 1. También puede obtener más información sobre las restricciones

que se aplican a medicamentos cubiertos específicos en nuestro sitio web. Hemos publicado documentos en línea que explican nuestras restricciones de autorización previa y terapia escalonada. También puede pedirnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del Formulario, aparece en las páginas de la portada y contraportada.

Puede pedirle a Solis Health Plans que haga una excepción a estas restricciones o límites, o puede solicitarle una lista de otros medicamentos similares que puedan tratar su condición médica. Consulte la sección “¿Cómo puedo solicitar que se haga una excepción al Formulario de Solis Health Plan?” en la página 11 para obtener información acerca de cómo solicitar una excepción.

What are over-the-counter (OTC) drugs?

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan. Solis Health Plans pays for certain OTC drugs. Diphenhydramine, Fexofenadine, Cetirizine, Fluticasone Nasal Spray. Solis Health Plans will provide these OTC drugs at no cost to you. The cost to Solis Health Plans of these of these OTC drugs will not count toward your total Part D drug costs,

¿Qué son los medicamentos de venta libre (OTC)?

Los medicamentos de venta libre (OTC) son medicamentos sin receta que, normalmente, no están cubiertos por un plan de medicamentos con receta de Medicare. Difenhidramina, Fexofenadine, Cetirizina, Fluticasona Spray Nasal. Solis Health Plans paga ciertos medicamentos sin receta. Solis Health Plans le proporcionará estos medicamentos sin receta sin costo alguno para usted. El costo de estos medicamentos sin receta para Solis Health Plans no se tendrá en cuenta para los costos totales de los medicamentos de la Parte D.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Solis Health Plans does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Solis Health Plans. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Solis Health Plans.
- You can ask Solis Health Plans to make an exception and cover your drug. See below for information about how to request an exception.

¿Qué pasa si mi medicamento no está en el Formulario?

Si el medicamento que toma no está incluido en este Formulario (lista de medicamentos cubiertos), primero debe comunicarse con Servicios al Afiliado y preguntar si su medicamento está cubierto.

Si resulta que Solis Health Plans no cubre el medicamento que toma, tiene dos alternativas:

- Puede pedir a Servicios al afiliado una lista de medicamentos similares que estén cubiertos por Solis Health Plans. Cuando reciba la lista, muéstrasela a su médico y pídale que le recete un medicamento similar que esté cubierto por Solis Health Plans.
- Puede solicitar que Solis Health Plans haga una excepción y cubra su medicamento. Consulte a continuación para obtener información sobre cómo solicitar una excepción.

How do I request an exception to the Solis Health Plans Formulary?

You can ask Solis Health Plans to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, Solis Health Plans limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at lower cost-sharing level unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.

Generally, Solis Health Plans will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You or your prescriber should contact us to ask us for a tiering or formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescribers supporting statement.

¿Cómo puedo solicitar que se haga una excepción al Formulario de Solis Health Plans?

Puede solicitarle a nuestro plan que haga una excepción a nuestras reglas de cobertura. Hay varios tipos de excepciones que puede solicitarnos.

- Puede pedirnos que cubramos un medicamento, incluso si no está en nuestro formulario. Si se aprueba, este medicamento estará cubierto a un nivel de costo compartido predeterminado, y usted no podrá pedirnos que le brindemos el medicamento a un nivel de costo compartido menor.
- Puede pedirnos que renunciemos a una restricción de cobertura, incluyendo autorización previa, terapia escalonada o un límite de cantidad en su medicamento. Por ejemplo, para ciertos medicamentos, Solís Health Plans limita la cantidad del medicamento que cubriremos. Si su medicamento tiene un límite de cantidad, puede pedirnos que renunciemos al límite y cubramos una cantidad mayor.
- Puede pedirnos que cubramos un medicamento del formulario a un nivel de costo compartido más bajo, a menos que el medicamento esté en el nivel de especialidad. Si se aprueba, esto reduciría el monto que debe pagar por su medicamento.

Por lo general, Solís Health Plans solo aprobará su solicitud de excepción si los medicamentos alternativos incluidos en el formulario del plan, el medicamento de menor costo compartido no sería tan efectivo en el tratamiento de su afección y/o causaría efectos médicos adversos.

Usted o su médico deben comunicarse con nosotros para solicitarnos una excepción de nivel o de formulario, incluida una excepción a una restricción de cobertura. **Cuando solicite una excepción, su médico deberá explicar las razones médicas por las que necesita la excepción.** Generalmente, debemos tomar nuestra decisión dentro de las 72 horas de recibir la declaración de apoyo de su prescriptor. Puede solicitar una excepción rápida (rápida) si cree, y estamos de acuerdo, que su salud podría verse gravemente perjudicada al esperar hasta 72 horas para una decisión. Si estamos de acuerdo, o si su prescriptor pide una decisión rápida, debemos darle una decisión a más tardar 24 horas después de que recibamos la declaración de apoyo de su médico.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

During the plan year, your treatment setting may change. For example, you are discharged from a hospital setting to a home setting. If your treatment setting changes, we will cover a temporary 30-day supply for each of your drugs that is not on our formulary or if your ability to get your drugs is limited. In the meantime, you should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will continue to cover the drug you take.

¿Qué debo hacer antes de hablar con mi médico sobre el cambio de los medicamentos que tomo o la solicitud de una excepción?

Como afiliado nuevo o permanente de nuestro plan, es posible que esté tomando medicamentos que no están incluidos en el Formulario. O bien, puede estar tomando un medicamento que está en nuestro formulario pero tiene una restricción de cobertura, como una autorización previa. Usted debe hablar con su médico sobre solicitar una decisión de cobertura para demostrar que cumple con los criterios para la aprobación, cambiar a un medicamento alternativo que cubrimos, o solicitar una excepción del formulario para que podamos cubrir el medicamento que toma. Mientras usted y su médico determinan el curso de acción correcto para usted, podemos cubrir su medicamento en ciertos casos durante los primeros 90 días que sea miembro de nuestro plan.

Para cada uno de sus medicamentos que no esté en nuestro formulario o que tenga una restricción de cobertura, cubriremos un suministro temporal de 30 días. Si su receta se escribe por menos días, permitiremos que las recargas proporcionen hasta un suministro máximo de 30 días de medicamentos. Si la cobertura no es aprobada, después de su primer suministro de 30 días, no pagaremos por estos medicamentos, incluso si usted ha sido miembro del plan menos de 90 días.

Si es residente de una institución a largo plazo y necesita un medicamento que no está en el Formulario o si su capacidad para conseguir los medicamentos es limitada, pero ya pasaron los primeros 90 días de membresía en nuestro plan, cubriremos un suministro de emergencia del medicamento para 31 días mientras solicita la excepción al formulario.

Durante el año del plan, el ámbito de su tratamiento puede cambiar. Por ejemplo, se le da de alta de un hospital a un hogar. Si el ámbito de su tratamiento cambia, cubriremos un suministro temporal de 30 días para cada uno de sus medicamentos que no estén en nuestro formulario o si su capacidad para obtener sus medicamentos es limitada. Mientras tanto, debe hablar con su médico para decidir si debe cambiar a un medicamento apropiado que cubrimos o solicitar una excepción al formulario para que sigamos cubriendo el medicamento que usted toma.

Solis Health Plans Formulary

The formulary that begins on page 1 provides coverage information about the drugs covered by Solis Health Plans. If you have trouble finding your drug in the list, turn to the Index that begins on page 125.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., TRADJENTA) and generic drugs are listed in lower-case italics (e.g., *simvastatin*).

The information in the Requirements/Limits column tells you if our plan has any special requirements for coverage of your drug.

The tables below provides the drug tier names and the copayments/coinsurances associated with the corresponding tiers. If you receive “Extra Help”, some information about the costs for Part D prescription drugs may not apply to you. Refer to your Evidence of Coverage Rider for

People Who Get "Extra Help" Paying for Prescription Drugs (also known as the Low-Income Subsidy Rider or the LIS Rider), which tells you about your drug coverage.

Formulario de Solis Health Plans

El formulario que comienza en la página 1 proporciona información acerca de la cobertura de medicamentos cubiertos por Solis Health Plans. Si tiene alguna dificultad para encontrar el medicamento que toma en la lista, consulte el Índice que comienza en la página 125.

La primera columna de la tabla menciona el nombre del medicamento. Los medicamentos de marca están en letra mayúscula (por ejemplo, TRADJENTA), y los medicamentos genéricos están en letra minúscula y cursiva (por ejemplo, *simvastatin*).

La información incluida en la columna de Requisitos/Límites indica si tiene algún requisito especial para la cobertura del medicamento.

En las tablas a continuación se indican los nombres de los niveles de medicamentos y los copagos/coseguros asociados a los niveles correspondientes. Si recibe "Ayuda Adicional" (Extra Help), es posible que cierta información sobre los costos de los medicamentos recetados de la Parte D no se aplique a usted. Consulte su Evidencia de Cobertura para las personas que reciben "Ayuda adicional" (Extra Help) para pagar por medicamentos recetados (también conocido como el Rider de Bajo Ingreso o el Rider de Bajo Ingreso), que le informa sobre su cobertura de medicamentos.

Symbols and abbreviations used in the formulary

Symbol	Description
BD	Drugs that may be covered under Medicare Part B or Part D depending on the circumstance. These drugs require prior authorization to determine coverage under Part B or Part D. Information may need to be provided that describes the use or the place where the drug is received to determine coverage.
PA	Prior Authorization
QL	Quantity Limits
ST	Step Therapy
#	High Risk Medication (HRM). Medicine that may be unsafe in patients greater than 65 years of age. Our formulary does include coverage for some of these drugs, but alternatives may be found in lower co-pay tiers. Please discuss with your doctor if there are alternatives to these medications that would be appropriate for you to use.
*	Limited Distribution Drug. This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Member Services at 833-516-0475, 8 a.m. to 8 p.m. seven days a week from Oct. 1 – March 31 from 8 a.m. to 8 p.m. Monday-Friday from April 1 - Sept. 30. TTY users should call TTY: 711
†	Split fill indicated drug. This high-cost medication is indicated with a cross (†) for you to request a 2-week supply (partial fill) of medication versus a full month. This partial fill may allow for copay savings if the medicine causes severe side effects, and you stop taking it or have a dosage change. If there are no side effects, you may only pay the rest of your monthly copay when you pick up the remaining 2-week supply, if applicable.

^	This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug.
